# The Bambooya Makeup Pads

---

Replacing the traditional single use makeup pads for reusable makeup pads is a very important step towards reducing waste.

Did you know that for the production of 1kg of single use cotton-pads, traditionally, a lot of fertilisers, pesticides, and approx 20.000 liters of water are used?

We have developed our makeup pads to last for years! You can easily use them (depending on the use) for up to 350 times.

In this manual we will share some tips and tricks on how to use the makeup pads best. Do you have any tips that should be added? Please let us know :)

# Different Makeup Pads

---

## The Terry Pads

The Terry Pads have a scrub texture. These are best suited for a deeper clean or to remove tenacious make-up.

In addition to removing make-up, the Terry Pads are also well suitable to take off a face mask or exfoliate your skin.

## The Velvet Pads

The Soft Velvet Pads are best used to remove light make-up, clean your skin and to use on sensitive areas such as the eyes.

## How to use?

---

The pads are designed to be used either dry or dampened.

To optimize the absorption rate of the Bambooya pads we recommend you to first moisten it with a few drops of water before applying any lotions on the pad. Once done, squeeze the pad to make sure its equally spread. lastly, add your product on the pad.

This way, the pads have the highest absorption rate and hence the lesser lotion is needed. And we know, less is more :)

# Washing instructions

---

Before using the makeup pads for the first time, we recommend you to wash them first

You can wash the pads in the washing machine on 40-60 degrees Celcius

We advise you to use the Mesh Laundry bag to prevent the pads from getting lost in the washing machine

Let the pads air-dry. They are lightweight and will be ready to use within a few hours! Don't tumble dry the pads as the high temperatures may cause the pads to shrink.

# Thank you!

---

Thank you for your Bambooya purchase and step towards a (more) sustainable lifestyle.

We are very interested in feedback or ideas to improve our products. That is why we would really appreciate it if you would like to leave a review.

This can be done via Bol.com or via our website: [www.bambooya.org](http://www.bambooya.org). Ideas or other feedback can be sent via the contact form on our website or by sending an email to [info@bambooya.org](mailto:info@bambooya.org)
